Dear Parents,

As the Year 4 camp is fast approaching, we are writing to inform you that this year an exciting and educational program has been planned for your child at Coastal Forest Lodge, Anglesea. The Camp will be held in the second week of Term 2, from Wednesday 30th April to Friday 2nd May, resulting in a three day and two night camp. The children will depart school at 9:00am on Wednesday 30th April and will need to bring their lunch for the first day. The students will return by 3:00pm on Friday 2nd of May. As the camp is part of the school curriculum, we strongly encourage all students to participate in this invaluable experience.

The learning intention is for students to participate in fun, challenging learning tasks as well as to further develop their social co-operative and problem solving skills. In order to link into our classroom theme “Spinning in Space” and to also avoid another day away from school, on Wednesday, we will visit the Melbourne Planetarium at Science Works on the way to Coastal Forest Lodge. We will view the presentation of “Tilt” which depicts the concepts of how the four seasons are caused by the tilt of the Earth’s axis combined with the Earth’s orbit around the Sun and how the seasons and length of day vary across the Earth, from the poles to the equator. On Thursday we will be taking a bus to the Anglesea beach in order to complete a range of learning tasks which include a marine life walk, beach safety and beach sports.

The campsite is approximately an hour and a half from Melbourne and is bordered by coastal forest, farmlands and fenced for safety and supervision. During their time away, the children will participate in a range of camp based activities including low ropes course, bush walks, yabbying and initiative games.

A camp information meeting will be held Monday 24th of March at 6.30pm. Detailed information about all aspects of the camp will be shared on this night and any questions will be answered.

The school camp will cost $210 per child. This will need to be paid by Friday 28th March, 2014. If there are any queries or concerns, please do not hesitate to contact your classroom teacher or Mr Catalano.

Yours Sincerely,

Mr Matt Knott
Mr Frank Catalano
