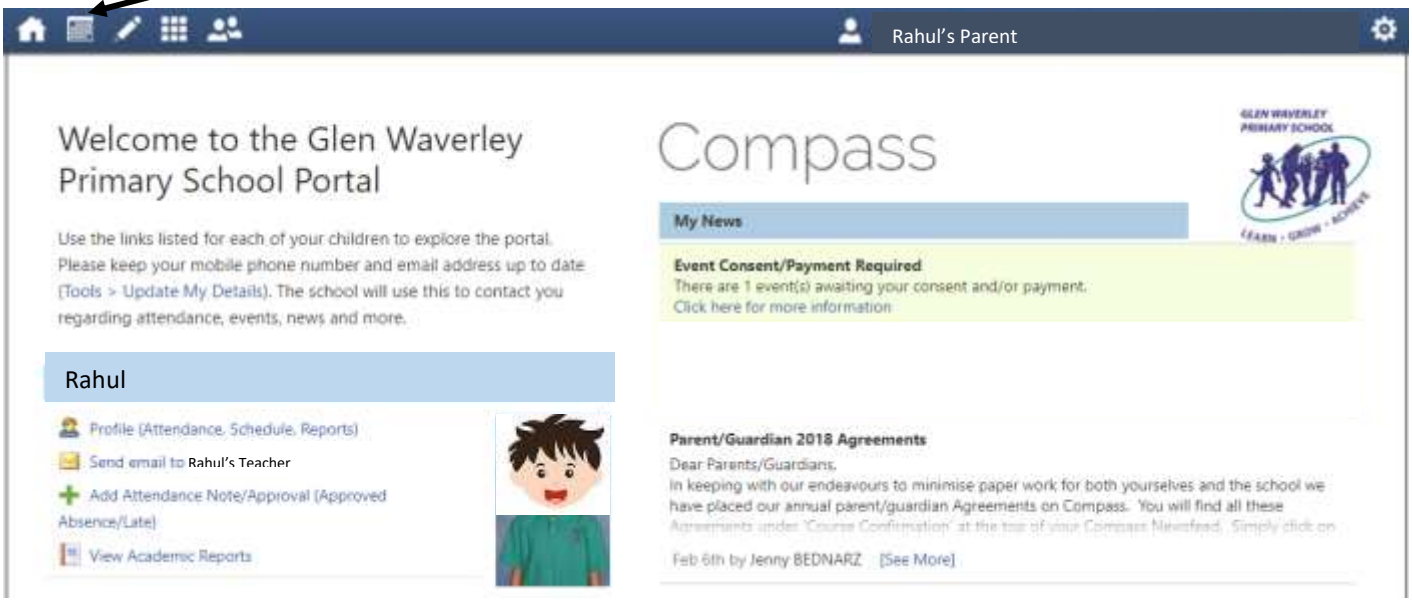
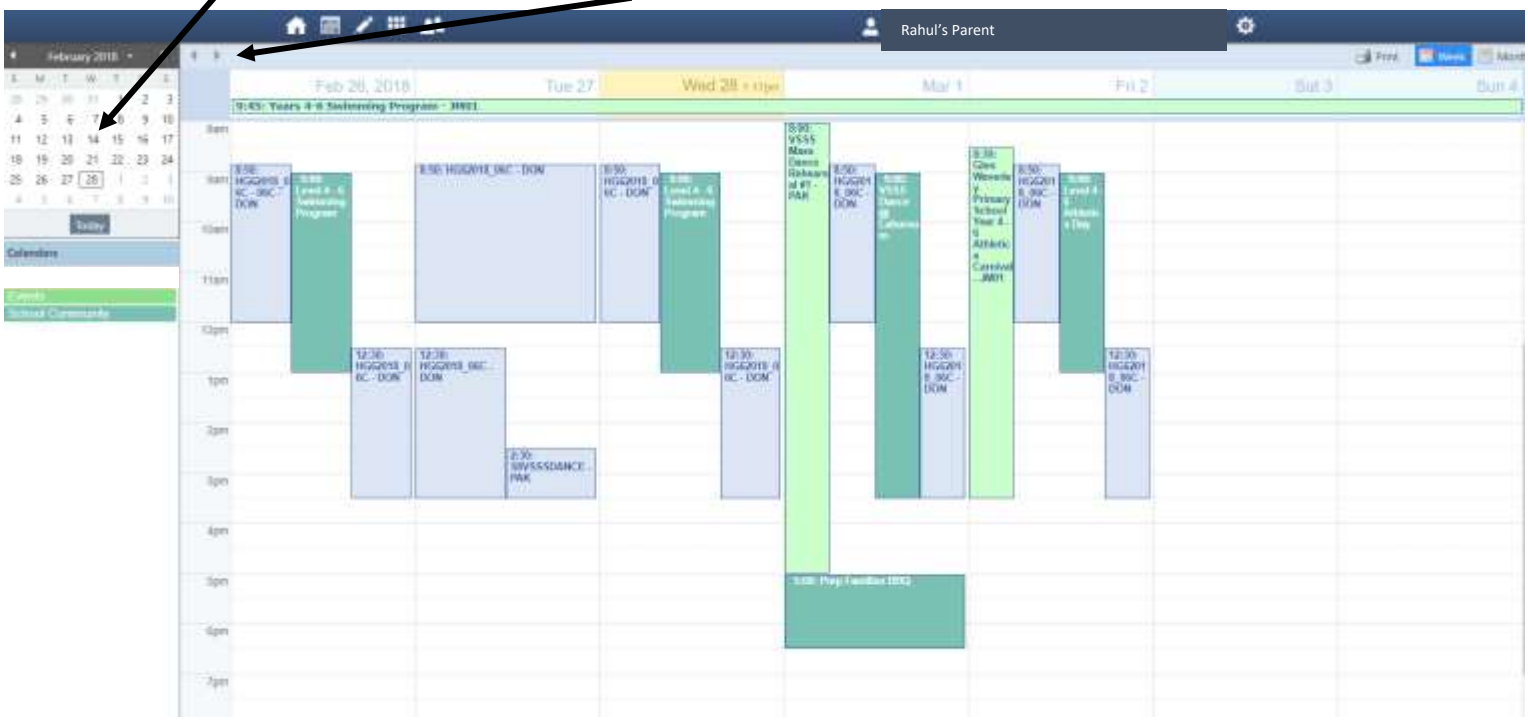
What's Happening, When??

My child is going on an Excursion… is it next week??
There's a whole school BBQ…..is it this month or next??

On your child's Compass home page, in the web browser, there is a link to the whole school Calendar where the bulk of school dates are entered. This is a quick reference for you to check for upcoming events. For further details on each event you are able to access these through the Events tab (refer to "Viewing Events and Course Confirmations" Cheat Sheet previously distributed or on our website).

Accessing the Calendar :- Click on 'Calendar' Icon in the Toolbar at the top of your child's Compass Page.





Just click on any date you wish to look at or scroll through with the arrows at the top
