

Dear Parents,

In order for your child(ren) to participate fully in upcoming digital learning sessions, it would be fantastic if they could download the following free apps in advance. These apps, together with the school's 'Dash Robots', will give students the opportunity to experience and expand their understanding of computational thinking and visual coding.

As you may be aware, we are now moving towards embedding Office365 programs (such as Word, PowerPoint etc) into our everyday practise. It is vital that students download the free apps recommended below so they can participate fully in the 1:1 iPad program.

As always, if you have any questions please do not hesitate to contact me at school.

Kind regards,

Elisha Park, Kylie Bailey and the Year 5 & 6 teams.

	<b>Microsoft Word</b>		<b>Microsoft PowerPoint</b>		<b>Microsoft OneDrive</b>
	<b>Microsoft OneNote</b>		<b>Microsoft Excel</b>		<b>Office Lens</b>
	<b>Blockly for Dash &amp; Dot robots</b>		<b>Go for Dash &amp; Dot robots</b>		
	<b>Path for Dash &amp; Dot robots</b>		<b>Wonder for Dash &amp; Dot robots</b>
